APprenons is available in digital-only format or as a digital-print bundle. The Learning Site, consisting of FlexText® and Explorer®, can be accessed on any device.

APprenons

AP® French Language and Culture Program

Lead each student to a 5. Support communicative competence. Foster interculturality. This is *APprenons*.

▶ Attain AP® Excellence

APprenons correlates with all AP® global themes and subthemes. Each of the ten chapters incorporates two 7-task exams, with extra practice in free response questions. In all, **over 160 AP® tasks** are available to familiarize learners with the directions, timing, and online format of the actual exam. A *Tips and Tricks* section provides additional test insights.

▶ Strengthen Vocabulary & Grammar

In *APprenons*, vocabulary and grammar are developed through tasks across the three modes and in all four modalities. Vocabulary is furthered through contextualized communicative tasks, exercises to improve spontaneous communication skills such as circumlocation, authentic resources, online vocabulary flashcards, and more. Grammatical structures support unit objectives and revolve around real-world functions.

▶ Connect and Compare Cultures

APprenons is a catalyst for interculturality. Authentic resources represent a variety of styles and genres and provide relevant connections to the practices, products, and perspectives of over 30 francophone cultures. Tasks instill curiosity and critical thinking skills needed to communicate, connect and explore as a global citizen.

Too many books
in your bag?

Teach French in class or on the
go—with the Learning Site

The Learning Site is your home for two seamlessly integrated online learning tools, **FlexText®** and **Explorer®**! For extra mobility, download the Learning Site iOS App!

FlexText® is a digital textbook that page by page reflects the *APprenons* content. Highlight and take notes on pages that adjust to any screen, and that always remember where you left off the next time you log in. Learners can click their way from FlexText® pages directly to their video, audio, external links, and assignments in Explorer®.

Explorer® is more than a holding site for links, assignments, and assessments. An online classroom forum allows discussion, recording exchanges, and more. Educators love their version of Explorer®, with customizable gradebook and assignment settings, proficiency-driven instruction strategies, and more.

The Learning Site can be integrated with most learning management systems, including Schoology, Clever, Google Classroom, and Canvas!
