

An Innovative Platform that Inspires Students to Engage in Conversation

Language Learning Made Fun!

Have you ever met a student who felt self-conscious while learning a new language? Nualang addresses this by transforming language learning into a fun, easy, and engaging experience!

What is Nualang?

Nualang is an intuitive platform designed to engage students in conversation. It harnesses the latest technology to create an interactive environment that effectively enhances students' learning experiences.

Meet the Nualas!

Unlock the power of conversation with Nualang's chatty little helpers, the Nualas. These interactive companions immerse students in roleplays while providing personalized feedback and support.

Learning experiences are customizable. Teachers can choose Nuala characters and accents, while students can adjust voice speed during exercises.

Thanks to the Nualas, students develop vital interpersonal speaking skills in a fun and judgment-free environment, paving the way for confident communication.

Play Nualang LIVE!

Nualang LIVE offers a vast archive of games that integrate with classroom content, allowing students to test their skills and compete against each other to win coveted Nuala medals.

Boost Fluency with "Discuss"

Discuss is a tool that enables students to engage in collaborative chats, guided discussions, and roleplays. Teachers can also review recorded sessions to provide personalized feedback.
