

# Rostering and Integrations

## Summer Resources

### Summer Usage

Will you be using Wayside’s Learning Site® this summer? Please [let us know](#) so we can map your courses to ensure the continuity of your service.

NOTE: If you are not utilizing Learning Site during the summer, please be sure to pause data syncs. This will allow us to clear platforms in preparation for the upcoming school year.

### Customer Integrations Specialists

Wayside’s Customer Integration Specialists (CISs) are committed to facilitating a seamless experience with your rostering and integration processes. They serve as your primary point of contact for any advanced technical support inquiries concerning your school’s integration and rostering data with the Learning Site. Please reference the chart below listing all CISs by state.
