

## **Érase una vez Level 2 Pacing Guide**

This pacing guide is designed to provide teachers with a suggested pathway through *Érase una vez* Level 2. It offers a general framework for pacing instruction and sequencing chapters but should be viewed as a flexible guideline—not a mandate. Every classroom is different, and teachers are encouraged to adjust the pacing as needed to meet the needs of their students and local schedules.

Each chapter in the program includes a variety of activities, resources, and assessments, many of which are not individually listed in the pacing guide. Every chapter also contains a comprehension worksheet and a formative assessment. Most teachers will choose to use these selectively—for example, as enrichment opportunities, quick comprehension checks, sub-day plans, or homework assignments; rather than completing each one with every chapter. There are also numerous suggestions and ideas in the Program Guide which might be implemented.

Additionally, there are more activities available in Nualang than any one class will complete. Teachers are encouraged to choose the activities that best fit their instructional goals and student interests. The pacing guide also takes into account the realities of classroom life, including schedule interruptions, teacher-created supplementary activities, and the many optional enrichment opportunities in Nualang, such as Nuala News, cultural and grammatical topics, and additional readers.

Ultimately, this pacing guide is intended to help teachers plan and maintain a smooth instructional flow while preserving the flexibility and creativity that make language teaching engaging and effective.
