

Year 1 of Adoption

Professional Learning Training Plan

Training option one:

Two virtual synchronous trainings (two hours each)

- First webinar – Basic implementation: Accessing and using the textbook and Learning Site®
- Second webinar – Refresher of implementation training, more in-depth look at Learning Site® and a virtual Q&A session

Training option two:

One in-person training (up to six hours)

- Comprehensive implementation training: Accessing and using the new resources (textbook and Learning Site®)
- Incorporate topics from list below in consultation with Instructional Strategist for guidance.

Choice of training topics:

- Proficiency principles and high-leverage teaching practices
- Teaching grammar in context
- Teaching vocabulary in context
- Implementing performance assessments (IPAs)
- Implementing backward design
- Maximizing target language use in the classroom

All three options include access to:

- All eLearning courses
- Video library
- Virtual professional learning events and post-event recordings
- Articles and blog posts focused on language instruction

Training option three:

Asynchronous eLearning courses

- Basic implementation: Accessing and using the textbook and Learning Site®

Virtual Q&A session following eLearning course completion
