If you are rostering, your Explorer® class roster is managed automatically through your rostering integration. If you have questions regarding your Explorer® class roster, please contact your school's or district's IT department.

If you are using access codes, you can invite students to your class and transfer students to another class if needed.

`INVITE`   Invite

Select **Invite** to access the enrollment share link or invite students by email to your Explorer® class.

`TRANSFER`   Transfer

Select **Transfer** to move students into another Explorer® class if needed.
