

DONORS CHOOSE

***DonorsChoose* Crowdfunding Opportunity For *Wayside Publishing* and *Fluency Matters* Materials**

[DonorsChoose.org](https://www.donorschoose.org) is a nonprofit crowdfunding platform connecting educators with the funds they need to build the classroom their learners need. Their eligibility guidelines are intended to make it possible for low-resourced schools and educators to receive the same quality of resources and materials as schools and classrooms with greater access to resources.

DonorsChoose teachers can request incentives, classroom supplies, enrichment materials, magazines, subscriptions, and much more.

If you are a current *DonorsChoose* teacher, you can submit a **Special Request Project** for a classroom set of materials or customized requests for *Wayside Publishing* and *Fluency Matters* materials. **Please note: to submit a Special Request Project, you must have 6 points in your *DonorsChoose* account, which is accomplished by successfully completing previous requests for your classroom.**
